## Ingredients

2 oz Tropical Elixir  
1/2 oz Blue Curaçao  
Pineapple Juice

Garnish  
Pineapple Slice  
Cherry

Tropical Elixir  
4 parts Coconut Rum  
2 parts Spiced Rum  
1 part Pineapple Rum  
1 part Light Rum  
1 part Dark Rum  
1 Part 101/151 Rum  
1 part Apricot Rum

### **Tropical Elixir**

Portion the elixir ingredients as described above. I usually make about a 4 cup batch. I store it in an empty bottle. My “part” is a 1/4 cup. This makes about 3 1/4 cups of Tropical Elixir.

### **Abaco**

Place ice in a 16 oz glass to the top. Next add 1/2 oz of blue curaçao. Next add 1 1/2 oz of our Tropical Elixir. Finally, top off with pineapple juice. Mix thoroughly and garnish with a slice of pineapple and a cherry skewered with a drink umbrella.
